### **CBMC Forums**

CBMC Forums is truly a light in the workplace. A Forums team is a unique environment in that it is made up of a handful of business executives and a trained CBMC moderator. These are small closed gatherings so that individuals can build trust in one another, knowing that what they share will truly be held in the strictest of confidence as they discuss both life and business issues. We invite you to learn more about CBMC Forums by visiting <http://forums.cbmc.com>.

### **One-on-One Discipleship – Operation Timothy**

If you are looking to develop a deeper understanding of God, we encourage you to enter into a one-on-one discipleship series called Operation Timothy with another man. This is an investigative Bible study used by the men of CBMC for more than 40 years to make disciples just as Jesus commanded. The name Operation Timothy comes from the relationship the Apostle Paul had with a young man named Timothy. Just as Paul took Timothy "under his wing" and invested his life into him while teaching him spiritual truths, so we in CBMC help others grow spiritually within the context of this relationship. You can learn more about Operation Timothy at [www.operationtimothy.com](http://www.operationtimothy.com).

### **Membership**

Membership is open to men who have committed their life to Christ, and are interested in discipling other men and reaching businessmen for Christ. A Membership Application is available at [www.cbmc.com](http://www.cbmc.com).
