York, PA 17404

Guest Speaker: Dave Rowe

Saying Dave Rowe has led an interesting life would be like saying the Grand Canyon is just a hole. He was on the first team Penn State legend Joe Paterno ever coached, he was the first player thrown off a PSU team Paterno coached, and the first PSU player drafted into the NFL during Coach Paterno's first year as head coach.

After a stellar college career, Rowe was drafted by the New Orleans Saints. He played in Super Bowl XI with the Raiders who crushed the Vikings 32-14 to become world champs. After retiring from football, he began a 30-year Emmy Award winning career in broadcasting.

His humorous stories about his 13 years on the field and in locker rooms are not the only reason he will be the speaker. He is a man of faith whose stories will make you laugh and whose faith will challenge you to your core.
